I. CHOOSE THE CORRECT ANSWER FOR THE FOLLOWING QUESTIONS FROM THE GIVEN ALTERNATIVES. (1 pt. cach)

1- There are many religions than ever before in the country and there are also many religious conflicts than ever before. Therefore, to avoid the conflict we have to completely destroy all religions. This fallacy belongs to:

A. Accident

C. Non-causa pro-causa

B. Oversimplified cause

D. Post-hoc ergo Propter-hoc E. C & D

2. Which one of the following is true about a categorical proposition of "Some S are not P".

- Its truth value in obversion is same
- Its obversion is "Some P are not non S"
- Its letter name is "I"
- D Its conversion is "Some S are non P"
- None of the above

3. People often use emotive terminologies in their arguments, BECAUSE:

- They want to make value claims about the subject matter of their arguments without providing genuine evidences.
- B. They want to paralyze the logical thought processes of readers/listeners, and then prevent them from seeing any logical deficiency in their arguments.
- C. Human beings are naturally governed by their emotional instincts.
- D. "A" and "B" are correct answers.
- E. "A" and "C" are correct answers.

4. Which one of the following is incorrect about the fallacies of Straw Man and Red

- While Red Herring always makes conclusion about the original argument, Straw Manusually prefers to keep silent on that respect.
- Straw Man manages to distort the original argument by stretching the argument to its most extreme end whereas the method of Red Herring is confined to ignoring the whole matter
- Both Red Herring and Straw Man tend to lead the reader or listener off the original argument though they do it in a manner that is somehow different Both fallacies involve emotional appeal towards the reader or the listener D-
- E_{τ}
- Both fallacies make conclusion by generating new premises

And this follows from the fact that people have the to live or die. And this is true because ending one's own life ey committed in this argument is; The definition "Rest' means (1) the repose of sleep, (2) an in- period of inactivity" is an example of: A. A theoretical definition C. A precising definition B. A lexical definition D. A stipulative definition The definition "Blogger' means an egocentric indivi- nts of time writing nonsense opinions on websites that A. An operational definition C. A theoretical definition D. A hypertextual definition D. A hypertextual definition D. A hypertextual definition D. A hypertextual definition

18. When an arguer ignores some important piece of evidence that outweighs the presented evidence and entails a very different conclusion, the person commits fallacy of: C. False Dichotomy A. Complex Question D. Suppressed Evidence B. Begging the Question 19. The saying "if you have a dream, you should not sleep!" is unacceptable for dreaming is impossible without a sleep. This fallacy committed is? B. Missing the point C. Equivocation D. False cause A. Straw man 20. Which one of the following statements is true? The primary aim of précising definition is to influence the attitude of the readers A theoretical definition is primarily intended to reduce the vagueness of the word B. Lexical definition can be evaluated as more interesting or fruitful with reference to the actual usage of the word Stipulative definition is used to set up secret codes in areas of military expression and other related developments E. None of the above 21. This exam is difficult. Therefore, every question in this exam is difficult. The defect of this argument is committing the fallacy of: A. Composition C. Division B. Begging the question D. False dichotomy 22. As a lexical definition, the definition "Practical' means not being impractical" may be A. Being vague C. Failing to indicate the context to which the definiens pertains B. Being too broad D. Being too narrow E. Being negative 23. Which of the following series of terms is put in an order of increasing extension?

Meta Beer-Ethiopian Beer- Beer- Alcoholic Drink- Beverage B-

Alcoholic Drink-Beverage- Beer- Ethiopian Beer- Meta Beer C-

Beverage- Alcoholic Drink- Beer- Ethiopian Beer- Meta Beer D.

Ethiopian Beer- Meta Beer- Alcoholic Drink- Beverage- Beer Beer-Ethiopian Beer- Meta Beer- alcoholic Drink- Beverage

24. Some non-A are B. (T)

For the above proposition, determine how the new statement is related to the given statement and determine the truth scale. determine the truth value of the new statement is related to the given statement that 'A' and To do not be new statement. Adopt the Aristotelian standpoint and assume that 'A' and 'B' denote things that actually exist.

- A. Subcontrary. (Und.)
- B. Contradictory. (F)
- C. Contrary. (F)
- D. Subalternation. (Und.)
- E. Contrary. (Und.)

25. Among the following, which one is the basic pattern of standard-form statements?

- A. Subject Term - Predicate Term
- B. Quantifier - Subject Term -Predicate Term
- C. Subject Term - Copula - Predicate Term
- b. Quantifier - Subject Term - Copula -Predicate Term

26. One of the following can be granted with certainty about collective predication of attributes

- A-It always results in the fallacy of Division or Composition
- B-It means the attribute in question is possessed by each and every member of the class
- A collective predication of an attribute can only result in a fallacy if it's succeeded by an erroneous transference of attribute from the parts/members to the whole/class or vice versa
- D-We can only envisage the existence of such predication in the conclusion of an argument
- E-Sometimes we find collectively predicated attributes in the fallacy of Accident
- 27. 'So long as we are given up to the throng of desires with the constant hopes and fears, so long as we are the subjects of willing, we can never have lasting happiness and peace.' Of the following conclusions made on the basis of the above premise, only one can be granted without risking the fallacy of missing the point.
 - We should try to control our desires if we are to attain happiness A-
 - We should stop willing altogether so that we may be happy B-
 - Since we can never stop wanting and wanting results in fear, we might as well end our lives C
 - D-We better stop trying to be happy since that is beyond our grasp
 - Happiness is an overrated concept which a willing being, like man, should not expect to achieve E-

28. One of the following is not a standard of critical thinking.

A. Precision

B. Socio-centrism

C. Accuracy

D. Consistency

29. Ethiopia has never been colonized. Alemu is an Ethiopian. Hence Alemu has never been colonized. Which one of the following is true of the above argument?

- The attribute is predicated distributively
- B-The argument commits the fallacy of Accident
- There is a legitimate transference of attribute from the class to the members C.
- D-The argument commits Composition fallacy
- E-The argument commits the fallacy of Division

30. A proposition/statement that makes an assertion about every member of its subject

- Singular Proposition (statement)
- B. Universal Propositions (statements)
- C Negative Propositions (statements)
- D. Particular Propositions (statement)
